THE PROBLEM:

Stress to our body's personal energy system, commonly known as the biofield, is delivered to us many ways. From daily stress to electromagnetic radiation, these factors are now believed by many scientists and doctors to disrupt our sensitive biofield. [Read More](#)

THE SOLUTION:

Bringing your biofield to a more balanced state is believed by many to increase mental and physical performance, reinforce natural immunity to stress and enhance a sense of well-being. [Read More](#)

HOW IRENEW WORKS:

amazed at its ability to affect my balance. Having read a lot of material during my wife's difficulties, I was excited to try a product that could potentially help counteract the many forces that we are subjected to each and every day."

"I have worn the bracelet for several weeks and I can truthfully say that I believe I generally feel better and have a higher energy level. This has really come to light as I tackle fall projects, such as raking leaves, that normally I dreaded starting and rarely finished."
